# SUPPORT AVAILABLE

Individual Apartment Living gives residents greater freedom of choice over their supports at home, where they aren't constrained by traditional support models.

Onsite support is shared by tenants and provides up to 2 hours of unplanned support each day. Support is available 24/7, 365 days per year.

In addition, residents can choose to access Collective Support, which provides daily planned support within their home and can be arranged at a shared ratio with other tenants. 1:1 support can also be provided by Sylvanvale as Flexible Support.
